

October-1-16

Dear Senior Affiliate,

In the past we have had a blanket policy of honouring you and our other senior affiliates by waiving your annual dues past the age of 65 years old. This was intended to be a blessing to you during a season of your life where your income may be diminished.

This year we received overwhelming feedback from our recent online survey concluding that if senior affiliates were willing to pay their annual dues if they were still earning from their active ministries.

In light of this, you are being issued an invoice with standard renewal fees. If you are not actively earning at this stage of your life and this change creates financial hardship for you, please contact your regional director to let them know and they will inform the OBFF office.

Please remember that your 2017 Renewal Forms are still needed to finalize your renewal for this year.

Thanks again for participating in the online survey and being so willing to support OBFF.

Blessings,

Melissa Cassidy
Administrator, OBFF
